

Moshiach—Building the Temple

Saturday, February 5, 2022

Let me ask you a question, has God made man, or is God still making man? Is becoming the same as being?

No matter which answer you give, I now ask, Do you believe that man is in the image of God, today? If you say yes, I say that by your own words, you have a very low regard for God. To anyone who actually reads the Tanach, the Peshitta, the Bible, or by your own common sense, can only conclude that man is still being made.

Now, I ask another question, where is the Temple which is being made which will house the spirit of God? Is that temple made of stone, steel, wood, plastic, gold and silver? Or is it in the flesh of man? Can an evil man, make a temple unto God? Or is it the man, which God is making, which is, as written, that which will house the Spirit of God? Can you endow your wood, steal, plastic, gold, etc, with life and teach it to honor its parents? God has made all life, yet you make tools of destruction, murder and theft.

So I ask, why was man told not to make up doctrines, religions, guns, bombs, or other nonsense, but to learn judgment? And, can you possibly learn judgment, when by provable fact, you have not even, upon the whole earth, made a correct grammar book?

I have been asked to aid in the making of man, that which will someday become the Temple and this work is for those who may be too busy to read, to listen, as they go about their day, a work which repeatedly tells the reader, that mankind will not be able to read it until after a certain time in human history, a time when mankind starts to learn what literacy is.

So, consider your computer, consider every computer ever made, consider all that it does and can do: It does all this by simple binary recursion. Then ask yourself why, when you read or listen to the story of

Adam and Eve, it never occurs to you to make sense of the words in a simple sentence: *Adam and Eve are a Conjugate Binary Pair whereby complete Induction and Deduction produce the human race*. Simple binary recursion. Are your assertions really assertions, and are your denials really denials? And if so, why is there the most horrible strife among mankind? And if so, why have you not the wit to write your own grammar books which can, step by step, prove your own words?

How can you not comprehend your own words, but claim that you can comprehend the words of God? Only an arrogant fool claims to know what they demonstrate every moment of their life to be wholly ignorant of, the Spirit of God, the Spirit of Truth.

Are you so simple to believe that a Book, written to help mankind learn judgment, is literal and contradictory, or, is it to be read, like any other book, to teach you judgment by making you judge the words themselves? And, wherewith can you judge these words, lest you know how to give and keep your own words?

Who is building and can build the Temple of God? Is it man or God? Be careful how you answer. Leave off your arrogance and foolishness, and do your own work, learn judgment and set aside the foolishness of children.

For centuries, untold barbarism has reigned upon the earth by men demanding that other men follow their words, their sociopathology. Where is the man, among all the nations, which studied and learnt the power of words? Instead, men built a machine, and even taught it to lie and have proven, that underneath all words, all judgments, all behaviors is simple binary recursion.

So, where is the man that God has made, that any of you actually believe that you are favored of God?

Binary, and binary recursion is not the grammar of Arithmetic, Algebra, Geometry, or Common Grammars, it is the very definition of any thing and every thing. Everything you see, touch, or think, is afforded by the simple definition of a thing which is a simple binary, a relative constrained by correlatives, yet you do not see it, yet you make a machine, which proves it to you, and then pervert the machine to walk after your ways.

So wait for me—declares Yahweh—for the day when I rise as accuser, for I am determined to gather the nations, to assemble the kingdoms, and on you to vent my fury, the whole heat of my anger (for the whole earth will be devoured by the fire of my jealousy). Yes, then I shall purge the lips of the peoples, so that all may invoke the name of Yahweh and serve him shoulder to shoulder. (Zephaniah 3:8—9 New Jerusalem Bible.)

Therefore wait ye upon me, saith the LORD, until the day that I rise up to the prey: for my determination is to gather the nations, that I may assemble the kingdoms, to pour upon them mine indignation, even all my fierce anger: for all the earth shall be devoured with the fire of my jealousy. For then will I turn to the people a pure language, that they may all call upon the name of the LORD, to serve him with one consent. (Zephaniah 3:8—9 King James Version.)

Personally, I do not see how anyone can see the wisdom of the Decalogue, and then praise much of what is recorded in the Bible as making anyone special, unless special is reserved for Olympics.

It should be obvious to anyone, as it is plainly written, that all of mankind shall learn to be one, a very specific example of a binary, a Conjugate Binary Pair, as were our parents.

Who among you, who is not simple minded and mad, which can claim to hear the word of God, yet knows not that they are wholly illiterate?

A mind, when functional, is the most powerful life support system possible. As such it has a well-defined biologically determined job to perform and well-defined physically determined means of doing that job.

No one asked you to believe your own nonsense, man was told, by words and biological fact, to learn judgment, to learn to do its own work. Are you lazy? Are you a fool? Or, are you simply still being made to one day honor your parents?

A unit, a thing, one, a Conjugate Binary Pair, is also expressible as, *a standard of behavior*, and a standard of behavior is every correct system of grammar, our Grammar Matrix: Common Grammar, Arithmetic, Algebra and Geometry, yet it is a standard you neither recognize, nor construct by the examples of God's word all about you and you have the nerve to claim that there is such a thing, upon the whole earth, as a wise man, even yourself?

God has given to man the whole Universe, a pattern to recognize and follow, so that mankind will learn the Spirit of God, yet man does not consider it, man does not comprehend it. Where, oh where, is there a man today who can possibly claim to follow the Word of the Lord, and not be the words of a fool and idiot?
